

EMMANUEL AJIBOLA

140, Burutu Road, Kubwa, Abuja | 0814 515 1085 | ajibolae123@gmail.com

DOB: 04/08/2002 | Gender: Male | State of Origin: Osun State (Oriade South LG)

PROFESSIONAL SUMMARY

Highly skilled and results-oriented Software Engineer and Computer Science professional with a strong academic foundation (First Class Honors) and extensive experience in full-stack development, AI API integration, and IT infrastructure. Proven track record of developing AI-driven products (like conversational LMS bots) and building responsive analytics dashboards. Experienced in leading cross-functional teams and managing IT operations to optimize organizational processes and system performance.

CORE COMPETENCIES

- **Full-Stack Software Development:** Conceptualizing and implementing interactive web and mobile applications using Python, JavaScript, and PHP.
- **AI & API Engineering:** Integrating Large Language Models, Whisper Speech-to-Text, and Text-to-Speech APIs to build voice-enabled chatbots.
- **Database Design & Optimization:** Designing efficient relational schemas, writing optimized SQL queries, and ensuring data integrity.
- **Data Visualization & Dashboards:** Developing Flask backends integrated with Chart.js to render real-time progression funnels and KPIs.
- **Systems & Network Administration:** Maintaining web servers, routing networks, and configuring fiber optic hardware (ONT/ONT systems).
- **Agile Leadership & Collaboration:** Managing software development workflows, leading peer teams, and resolving technical conflicts.

WORK HISTORY

YouthHubAfrica | *IT Officer* (April 2024 – Present)

- Conceptualized, designed, and developed "The Brothers' Room," a conversational Learning Management System (LMS) Telegram Bot in Python, educating young men on positive masculinity and Gender-Based Violence (GBV) prevention.
- Integrated OpenAI's GPT-4o-mini model, Whisper API (Speech-to-Text), and Text-to-Speech (TTS) to deliver a highly interactive, voice-enabled AI companion supporting learners of varying literacy levels.
- Engineered complete multilingual localization supporting 5 Nigerian languages (English, Pidgin, Hausa, Yoruba, Igbo) across all onboarding, lesson content, quizzes, and help resources.
- Built a secure, responsive Facilitator Analytics Dashboard using Flask, Tailwind-style CSS, and Chart.js, providing program coordinators real-time visual progress funnels, language breakdown charts, and automated email reporting.
- Implemented persistent data tracking using SQLite to manage participant progress, scored exams, graduation metrics, and qualitative reflection logs.
- Automated background tasks including inactivity user-nudges (after 4 days) and weekly graduates' pledge reminders using asynchronous scheduling.

- Designed and automated a dynamic certificate generation pipeline using Pillow (PIL) to render custom verified Certificates of Completion.
- Maintained, monitored, and optimized YouthHubAfrica's web infrastructure, network resources, and data security policies, ensuring 99.9% uptime for core organizational operations.
- Designed feedback forms that gathered and analyzed insights from over 400 attendees of the D.A.R.E conference in December 2024 to evaluate event impact and submit key findings to management.

University of Ilorin (COMSIT Unit) | *Web Developer, Fibre Engineer & Graphics Designer (NYSC)*
(November 2022 – November 2023)

- Designed website layouts, templates, and corporate brand designs to maintain visual consistency across University platforms.
- Built and styled mobile-friendly web pages using HTML, CSS, JavaScript, and jQuery, migrating legacy layouts to modern, responsive interfaces.
- Performed network-wide troubleshooting and software testing to identify, diagnose, and resolve technical issues.
- Configured and installed network hardware, optical network terminals (ONT), and IP set-top devices adhering to safety policies and procedures.

Obafemi Awolowo University (IT & Communication Unit) | *IT Intern* (June 2020 – October 2020)

- Configured systems according to prescribed software and hardware frameworks, minimizing deployment delays.
- Supported campus-wide technology implementation projects, ensuring minimal downtime and business disruption.
- Handled technical support escalations from staff and students, providing prompt and effective resolutions.
- Delivered outstanding service to maintain strong relationships with university departments.

ACCOMPLISHMENTS

- Commended for optimizing IT Operations, resolving web performance bottlenecks, and coordinating employee technical training at Obafemi Awolowo University.
- Strategically expanded Obafemi Awolowo University's web network infrastructure, leading to a 40% increase in website accessibility and user engagement.
- Monitored and analyzed user web engagement trends at the University of Ilorin using Excel-based data models, optimizing site layouts based on competitive analysis.
- Performed diagnostic root-cause analysis on critical network and IT faults, establishing corrective action plans that reduced service resolution time.
- Successfully built constructive employee relationships with University of Ilorin staff to maintain workforce engagement, commitment, and technical agility.

LEADERSHIP ROLES

- Served as Software Director, NACOS JABU Chapter | July 2019 – June 2020
- Elected as Financial Secretary, NACOS JABU Chapter | July 2021 – June 2022
- Served as Volunteer Technical/Media Assistant, Google Developers Group (GDG) JABU Geeks

PROFESSIONAL AFFILIATIONS & LANGUAGES

- Associate Member, National Association of Computing Students (NACOS)
- Associate Member, Google Developers Group (GDG)
- English: Native/Bilingual Proficiency
- Yoruba: Native/Bilingual Proficiency

EDUCATION

Joseph Ayo Babalola University (JABU) - Ikeji-Arakeji, Osun State, Nigeria (2022)

B.Sc (Hons) in Computer Science (First Class Honors)

AltSchool Africa - Abuja, Nigeria (Mar 2024 - Mar 2026)

Diploma in Software Engineering (Frontend Track)

CERTIFICATIONS

- Frontend Engineering, AltSchool Diploma [\[Link\]](#)
- AWS AI Practitioner [\[Link\]](#)
- Fundamentals of Computer and Essential Office Applications [\[Link\]](#)
- Oracle SQL Certification [\[Link\]](#)
- Programming Foundations: Fundamentals (Python) [\[Link\]](#)
- Web Development [\[Link\]](#)
- National Youth Service Corps (NYSC) Discharge Certificate [\[Link\]](#)
